To Whom It May Concern:

It is a pleasure to write this letter of recommendation for William 'Bill' Ray of Mesa Pacific Mortgage Company.

Front start to finish of buying our new home Bill has been qualified and supportive. His experience in the real estate business has allowed us to feel at ease. Bill is a very effective communicator and with his full understanding of the real estate business walked us through each step of the purchasing process. Also Bill's knowledge and demeanor during interaction with the selling agent provided a very smooth and expedient 45 day escrow period.

The significant rebate Mesa Pacific Mortgage offers as an incentive to utilize their services made the myriad of closing costs and fees considerably less of a burden on our purchasing bottom line.

We would highly recommend Mesa Pacific Mortgage to our family and friends who might need an efficient professional to help them purchase a home

Respectfully,

A handwritten signature in cursive script that reads "Jim Rosi".
