I would like to thank Bill Ray at Mesa Pacific for helping us sell our El Cajon condo in July for \$310,000 on an all cash offer and helping us to buy a single family home without having to move twice. He also handled the loan and everything went smoothly. He offered us his "no cost listing" program, and we received our rebate check just now after buying our new home here in Santee for the full listing fee. I highly recommend his services as he very knowledgeable and the rebate is a huge savings for us at \$7750.
